**Heather Shore Named “Best of the Bar” by the
*Kansas City Business Journal***

(Kansas City, MO – September 24, 2011) - Attorney and shareholder, Heather Shore of [Brown & Ruprecht, PC](#), has been named one of Kansas City’s “Best of the Bar” by the *Kansas City Business Journal*, recognizing outstanding lawyers throughout the Kansas City area as chosen by their peers.

To arrive at the results, letters were mailed to active lawyers in the metro area asking for votes, and e-mail reminders were sent to past participants. Lawyers were urged to look outside the walls of their firms, and no one could make the list based solely on votes from in-firm colleagues. A panel of area lawyers reviewed the list of top vote-getters as a final check of honorees’ reputations and professional standings.

Shore represents clients in construction and surety matters, as well as commercial litigation matters. Her verdicts include a multi-million arbitration award representing a specialty contractor against a general contractor in connection with the construction of the Kansas City metropolitan airport.

She is also a frequent speaker for associations, including The Builder’s Association, where she has provided presentations on a variety of topics from mechanic’s liens to how companies can build LEED-certified projects. Shore has also presented CLE sessions for the Missouri Bar Association on *How to Series: Mechanics Liens* and also *Suretyship Update Seminar*. She has authored a chapter in *General Construction Contracts with Delegated or Shared Design* and a chapter in the *Design-Build on Government Projects*, and regularly authors articles for The American Subcontractors Association, Kansas City Chapter.

Shore has also been selected for inclusion in *Missouri and Kansas Super Lawyers - Top 50 Women Edition* (2010-2011); *Missouri and Kansas Super Lawyers* (2009-2011); *Missouri Super Lawyers-Corporate Counsel Edition* (Construction Litigation) (2009); *Missouri and Kansas Super Lawyers - Rising Stars Edition* (2008); *Up and Coming Lawyer - Missouri Lawyers Weekly* (2007); and *Who’s Who - National Registry, Lifetime Member* (2001).
